### HOW THE POLL WAS CONDUCTED

**This poll was conducted by Mason-Dixon Polling & Strategy, Inc. of Jacksonville, Florida from July 20 through July 23, 2020. A total of 625 registered Florida voters were interviewed live by telephone statewide.**

**Those interviewed were randomly selected from a phone-matched Florida voter registration list that included both land-line and cell phone numbers. Quotas were assigned to reflect voter registration by county.**

**The margin for error, according to standards customarily used by statisticians, is no more than  $\pm 4$  percentage points. This means that there is a 95 percent probability that the "true" figure would fall within that range if all voters were surveyed. The margin for error is higher for any subgroup, such as a gender or age grouping.**

**QUESTION: What was your attitude towards TRUCKS before the COVID-19 pandemic? Was it very positive, somewhat positive, somewhat negative or very negative?**
